

## Team Photography

As of September 1, 2009, Kids, Incorporated is no longer contracting with an exclusive photography company. However, we would like to make arrangements for our coaches and parents to have access to quality photography companies in our community who have expressed an interest in taking on some of this business.

All arrangements for photo appointments, photo location and photo distribution will be the responsibility of the photographer and the coaches and parents involved with each team. Kids, Incorporated assumes no responsibility for any photography services or agreements.

Kids, Incorporated would like to distribute your information and post the same to our website ([www.kidsinc.org](http://www.kidsinc.org)) to help promote your business. In order for us to do so, the following minimum requirements must be met.
